IS THIS THE END OF THE ROAD FOR THE 50KM WALK?

It's not yet been released to the general public but a draft timetable for the 2021 World Athletics Championships, to be held in Eugene, Oregon, on 6-15 August 2021 shows that the 50km is to be replaced by a 35km walk. Here is the program cut and paste which shows the women's 20km on Day 3, the men's 20km on Day 4, the women's 35km on Day 7 and the men's 35km on Day 8.

No consultation has been held with the wider walking community and, in my opinion, no proper analysis of the implications of this change have been done. My comments are as follows

- This move is contrary to the press release issued by the IAAF at the Council meeting at Doha. That press release read

Council specifically agreed with the importance of:

- maintaining a 4-medal discipline and gender equity with two men's and two women's events at all major international competition
- continuing to prioritise investment in and development of the Race Walking Electronic Control System (i.e. the electronic chip insole technology)
- testing and validating the technology in competition during 2020
- roll out of two of the following events: 10km, 20km, 30km or 35km from 2022.

Specifically it promised no changes until 2022 (see <https://www.worldathletics.org/news/press-release/council-march-2019-doha-race-walk-diamond-lea>). As an aside, it also promised testing and validation of the electronic chip insole technology during competition in 2020. That's obviously not going to happen!

- The two new distances, 20km and 35km are very similar from a physiological perspective, both favouring a speed walker over an endurance walker. The 50km specialist will no longer have any avenue to practice his discipline at World Championship level. The best 20km walker is going to be the best 35km walker. The difference between the two events is not substantial enough to allow proper differentiation. With 4 days between the 20km and 35km walks, I predict that the 20km medallists are almost certainly going to also stand atop the 35km podiums. What scientific analysis, if any, has World Athletics undertaken to validate these this change? I have not seen any publications that even address this issue.
- The 50km event will now disappear from all major championships. Take for instance the Australian scenario where the Australian 50km championships have been held annually each December at Fawkner Park in Melbourne. I assume that this will be changed to an Australian 35km Championship meet in December 2020, so that the 35km races done there can be billed as our 2021 World Championships trial. The same will happen in other countries. Major walks meets like Dudince, which feature the 50km as a blue riband event, will also be forced to change to 35km. Alas, long live the 50km which is now officially dead.

It has been a long battle which started way back in January 2012 when Erin Taylor-Talcott gained permission to compete in the USA men's 50km Olympic Trial. She had bettered the trial qualifying standard of 4:45:00 (she had walked 4:41:36). The only catch was that she had to compete by Invitation since there was no women's 50km in the 2012 Olympics and the men's 50km was just that - an event exclusively for men.

From there, the impetus grew to include women in the 50km event and to grow the discipline and rid athletics of an obvious case of gender discrimination.

I have documented this 8 year battle on my VRWC website at <http://www.vrwc.org.au/save-the-50km.shtml>. Much of it needed the legal redress of USA Attorney at Law **Paul F. DeMeester** who took the fight to the various world athletics powers, taking most of the issues all the way to the Court of Arbitration in Sport.

Sadly, we also had to fight the IAAF Race Walking Committee who were perhaps our strongest opponent in this whole issue. They stand condemned for their actions.

We have had some famous victories which include

- The inclusion of Erin Taylor-Talcott in the men's 2016 IAAF World Race Walking Cup 50km in Rome
- The granting of World Record status to the women's 50km, with Ines Henriques the inaugural world record holder
- The inclusion of a women's 50km race in the 2017 IAAF World Athletics Championships in London
- The inclusion of a women's 50km race in the 2018 IAAF Race Walking World Teams Championships in Taicang
- The inclusion of a women's 50km race in the 2019 European Athletics Championships in Berlin
- The inclusion of a women's 50km race in the 2019 World Athletics Championships in Doha
- The inclusion of a women's 50km race in the 2020 World Athletics Race Walking Teams Championships in Minsk

If the 50km does now disappear from the international stage, we can all be proud, knowing that we have given our female walkers 4 years of enhanced competition and knowing that we have forced World Athletics to treat female racewalkers in the same way they treat their male counterparts.

Sadly, the IOC has shown that it is still stuck in the past. But are we really surprised!

Personally, I clearly stated my position some years ago. When the 50km disappears from competition, I will retire from the sport. That looks like being after the 2020 Olympics. Enjoy my newsletter while it still comes each week. The countdown is on.

WALKER OF THE WEEK

My Walkers of the Week are **Will Thompson** and **Corey Dickson**. These two talented young 17 year olds from Melbourne battled it out in the Victorian U20 5000m Track Championship last Friday evening at Lakeside Stadium in Melbourne. On this occasion, it was Will who won out, **21:29.00** to **21:32.32**. PBs to both lads and it took a final 300m sprint to separate them. Great stuff!

WHAT'S COMING UP

- Weekend 2 of the **Victorian Junior and Open T&F Championships** continues this coming Saturday and Sunday at the the Duncan McKinnen Reserve, Corner North Road and Murrumbeena Road, Murrumbeena. More info at <http://athsvic.org.au/2020/generalnews/2020-victorian-track-field-championships-weekend-2/>. The walks timetable reads as follows

Saturday 7 March	9AM	5000m Walk Open Men and Women
Saturday 7 March	10:15AM	3000m Walks U14-U16 Boys and Girls

While lots is going on from a local perspective, things are not so rosy overseas, with a number of international races being cancelled. Marciadalmondo reports (see http://www.marciadalmondo.com/eng/dettagli_news.aspx?id=3746) the postponment or cancellation of the following three major events

Sun 1 st March 2020	Italian 50km Championships, Bergamo (50km, 35km, 20km)
Sun 8 th March 2020	Lugano Trophy - Memorial Mario Albisetti Lugano SUI (20km)
Sun 15 th March 2020	Chinese Winter Walk Championships, Huangshan (50km, 20km)

The 44th All-Japan Racewalking Meet at Nomi (which includes the Asian 20km championships) has also been effected. It was due to be held next Sunday 15th March. Initially it was going to be partially effected, with the venue changed to a 1km course and the underage races (10km, 5km and 3km) cancelled. Yesterday, things escalated drastically, with the entire meet being cancelled. Here's the press release. It makes for interesting reading.

The whole racewalking year looks likely to be turned on its head if the Coronavirus issue continues to escalate. The best laid plans of walkers are being thrown into disarray.

VIC JUNIOR AND OPEN T&F CHAMPS WEEKEND 1, LAKESIDE STADIUM, ALBERT PARK, FEB 28 – MAR 1

Conditions were just about perfect for the Friday evening U17-U20 5000m racewalks on Weekend One of the Victorian T&F Championships at Lakeside Stadium in Albert Park, Melbourne. 15 year old **Fraser Saunder** led them out but it was soon a battle between 17 year olds **Will Thompson** and **Corey Dickson**. On this occasion, it was Will who won out, 21:29.00 to 21:32.32, PBs to both lads. **Heath Beveridge** (22:48.78) and **Fraser Saunder** (23:04.76) were next home, also in PBs while **Nikola Mandic** was just outside his PB with 23:12.63. **Alanna Peart** led the girls home with 23:26.89, ahead of **Jemma Peart** (24:57.52) and **Charlotte Hay** (25:26.73).

TASMANIAN OPEN AND MASTERS T&F CHAMPIONSHIPS, DOMAIN ATHLETICS CENTRE, HOBART, 28-29 FEB

Thanks to Dave Moore who reports from Tasmania:

The first event of the Tasmanian T&F Championships to be decided was the Open 5000m Walk on Friday evening just gone. **William Robertson** and **Elizabeth Leitch** faced yet another race dominated by strong blustery conditions. William breezed through the 5000m with a performance at the upper end of his capabilities, while Elizabeth put her best foot forward and did a season best time to secure her gold medal. Similar conditions prevailed for the Masters 1500m Walk Championship held on Saturday Afternoon. **Elizabeth Leitch** led from the start and finished well ahead of the rest of the field. Our oldest Walker, **Wayne Fletcher**, put in a solid performance to cross the line in second place, leaving Dave Moore to close out the event in third place.

MOLLY BARNETT OPEN, COVENTRY UNIVERSITY, COVENTRY, SUNDAY 1 MARCH

Thanks to Mark Wall for passing on the results of the Molly Barnett Open, which included the England Athletics Roadwalk Championships, held last Sunday afternoon at Coventry University in cold blustery conditions. The penalty zone was used for all races and the walk numbers were large.

England Athletics Roadwalk Championships, which included the Molly Barnett Open, kicked off at 2:25PM. **Tom Bosworth** won as he liked in a new UK 10km record of 39:10, well ahead of **Cam Corbishley** (PB 40:59) and **Tom Partington** (44:43). **Heather Lewis** was first home in the women's 10km with a good 45:14, while the EA title went to **Gemma Bridge** (48:05) after a return from injury.

IRISH INDOOR T&F CHAMPIONSHIPS, SPORT IRELAND NATIONAL INDOOR ARENA, DUBLIN, 29 FEB - 1 MAR

There was plenty of excitement in the Irish T&F Championship 5000m race walk for men, even with only three competitors lining up - defending champion **Alex Wright** (Leevale), world 6th placer **Brendan Boyce** (Finn Valley) and up-and-comer **David Kenny** (Farranfore Maine Valley). 25 laps of the indoor track awaited, and they ticked off at a quick rate with some risks being taken and yellow cards being dished out. Wright was to the fore early on but then the lead changed hands with Kenny and Boyce pushing forward. Wright went back in front but a red card and a trip to the time penalty zone was in the offing which he refused as he walked off the track. Effectively his race was over and it was a duel between Robert Heffernan's stable. Kenny had the gap though and held on for an excellent gold in 19:45.57 to Boyce's 20:07.52.

Sarah Glennon (Mullingar Harriers) gave a gutsy effort in the women's 3,000m race walk but **Kate Veale** (West Waterford) had too much strength to retain her national title in 14:47.05. **Veronica Burke** (Ballinasloe and District) came back for silver in 14:54.68 with Glennon settling for bronze in 14:56.38.

24 HEURES DE BOURGES, BOURGES, FRANCE, 29 FEBRUARY - 1 MARCH

Emmanuel Tardi was in Bourges, 200km south of Paris, for the French 100km walk championship last Saturday. But what's the story here – no 100km national championship for women! I thought we had gone past those days of anachronistic chauvinism.

The national championship was included as part of the 24 Heures de Bourges. Things got underway at 1PM on Saturday, with walkers racing over a 2.5km lap for the first 23 hours and then dropping down to to a 650m lap for the final hour. **Fabien Deparday** lead the field through to the 100km (10:59:56) before stopping as the new National 100km Champion, leaving **Alexandre Forestieri** and **Christophe Laborie** to lead the 24 Hour walkers through to the finish. Interestingly, both recorded the same distance of 184.183 km and were awarded joint first place. **Veronique Bessot** easily won the women's race with 170.566 km.

Ancillary races included a 2x6 Hour Walk (1pm to 7pm then 7am to 1pm) and a small 10km walk for others (including Emmanuel).

FRENCH INDOOR T&F CHAMPIONSHIPS, LIEVIN, FRANCE, SUNDAY 1 MARCH 2020

Thanks to Emmanuel Tardi who was in Lievin, 250km north of Paris, on Sunday for the French Indoor Track Walk Championships (after being 200km south of Paris in Bourges on Saturday!) In the women's 3000m walk, **Emilie Menuet** led for the first 2000m, before **Clemence Beretta** passed her, going to win and set a new French record of 12:30.52 (Menuet held the old record with a time of 12:35). It was a great performance by Beretta who had only just returned on Friday from 3 weeks at a training camp in South Africa. **Gabriel Bordier** was an easy victor in the men's race with 19:03.49.

34TH INDOOR NATIONAL CHAMPIONSHIP, PIREAS, GREECE, 28-29 FEBRUARY

Thanks to Zoe Gkini for the results of the 34th Greek National Indoor Championships which were held in Pireas last Friday and Saturday. The walks were held on Friday 28th February and proved to be very entertaining events. **Antigoni Drispioti** won the women's walk with 12:28.2, another sub 12:30 time done only 3 weeks after her record breaking time of 12.27.18. **Efstathia Kourkoutsaki** (U23) took silver with 13:32.3 while **Sofia Alikanioti** (also U23) took bronze with 13:35.0. Special mentions to mothers **Aggeliki Makri** and **Nikolitsa Andreopoulou**, along with **Irene Palmou Malena**, the youngest of the walkers at 16 years of age. The men's 5000m race saw gold going to **Ioannis Vaitzis** (21:15.3), ahead of 17 year old **Alexandros Mortzakis** (21:59.6) and **Konstaninos Ntentopoulos** (22:42.5). 50km winner **Dimitris Tsordias** finished fifth ahead of 57 year old veteran walker **Isaiah Tsitoglou**.

OUT AND ABOUT

- The Guardian newspaper pulls apart the CAS/IOC decision to stop women competing in the Olympic 50km and exposes the hypocrisy of the IOC. See <https://www.theguardian.com/sport/blog/2020/feb/25/racewalkers-long-march-for-equality-deserves-recognition-at-tokyo-2020>.
- A terrific Coaching booklet written by **Bob Cruise** and discussed at a recent Coaches Seminar in February in Adelaide. See <http://www.rwa.org.au/wp/wp-content/uploads/2020/02/Technique-Technique-Technique-14-PDF.pdf>

The impact of the Corona Virus is starting to be felt in the racewalking world. Given this, athletes and followers of the sport should consider their travel insurance and examine carefully what it covers.

- The following was released on the Italian Athletics Federation a week ago: Following the ordinance of Sunday 23 February of the Ministry of Health and of the Lombardy Region, we inform you that on Sunday 1 March the Italian Championship of 20km and 50km of walking scheduled in Bergamo will not be held. See <http://www.fidal.it/content/Marcia-annullati-i-Campionati-italiani-a-Bergamo/126355>.
- The Lugano Trophy / Memorial Mario Albisetti, scheduled for Lugano in Italy next Sunday 8th March, has also been cancelled. The website says it all: <https://lugano-racewalking.com/en/>.
- The 44th All-Japan Racewalking Meet at Nomi (which includes the Asian 20km championships) has also been effected. It was due to be held next Sunday 15th March. As reported earlier in the newsletter, it has now been cancelled, as Japan shuts down its major events and schools.
- Now here's an interesting bit of news - Coronavirus has caused a state of emergency to be declared in Sapporo, the Japanese city which is supposed to host the marathon and race walks during the Tokyo 2020 Olympic Games. Japan's northernmost prefecture of Hokkaido declared a state of emergency on Friday, as reported by Reuters. See <https://www.insidethegames.biz/articles/1091243/sapporo-coronavirus-state-of-emergency>.

Finally, a roundup on various doping related articles doing the rounds

- The thumb screws are starting to tighten for English runner Mo Farah who is now facing questions over his credibility after it emerged he repeatedly denied to US anti-doping investigators that he was given injections of a controversial supplement – only to change his account of what happened shortly afterwards. This is pretty explosive stuff - <https://www.theguardian.com/sport/2020/feb/24/leaked-reports-show-mo-farah-changed-account-to-us-investigators>. See also <https://www.bbc.com/sport/athletics/51591701>.
- This has come out as part of a BBC investigation, done under the mantle of the investigative program Panorama. If you live in the UK, you can view the Panorama episode at <https://www.bbc.co.uk/iplayer/episode/m000frjm/panorama-mo-farah-and-the-salazar-scandal>.
- You probably saw what is the big news of the week, with The Court of Arbitration for Sport (CAS) upholding the appeal filed by the World Anti-Doping Agency (WADA) against the Chinese swimmer Sun Yang and the Fédération Internationale de Natation (FINA). As a consequence, Sun Yang has been sanctioned with an eight-year period of ineligibility, starting on the date of the CAS award. See <https://www.abc.net.au/news/2020-02-28/sun-yang-banned-from-swimming-for-eight-years/12012900?section=sport>.
- Swimming's governing body FINA faces a new wave of athlete backlash if it doesn't modify the results from last year's World Championships in South Korea in the light of Sun Yang's eight-year ban from the sport. Already under heavy fire for allowing Sun to swim in the first place, FINA will now come under increasing pressure to void Sun's gold medals in the 200m and 400m freestyle. See <https://www.smh.com.au/sport/athlete-anger-set-to-grow-if-fina-doesn-t-void-sun-yang-s-gold-medals-20200229-p545mw.html>.
- Brett Clothier, the head of the Athletics Integrity Unit (IAU), said a few days ago that there will be doping cases before Tokyo 2020 that will "shock people" and that "more than a third of the AIU's cases are "World Championship or Olympic medallists or major marathon winners". see <https://www.bbc.com/sport/athletics/51671615>.
